Dear Mr Bellert

**RE: BOAT RAMPS – FRASER COAST AREA**

Thank you for your enquiries with Council on 14 February 2011 pertaining to the above matter.

In regards to the River Heads Boat Ramp, Council has undertaken a signage audit at the River Heads Boat Ramp and parking signs have been erected. Council enforces its parking signs by the issuing of infringement notices.

In relation to the Gatakers Landing Boat Ramp, it is my belief that the sand issue you mention has been sent to Jamie Bunt by yourself for inclusion in future maintenance programs.

The Department of Transport and Main Roads are undertaking a review of the requirements for current and future ramps in the Fraser Coast Region. The review may highlight the two (2) other public boat ramps in the Point Vernon area in question either for to decommission of the ramps or potentially to use them as a disability access.

Council awaits the findings of this review before scheduling any major capital works in these areas.

Should you require any further information or wish to discuss the matter further please contact Barry Heins as referenced below.

Yours faithfully
