MEDIA RELEASE

POONA KIDS FISHING DAY

The Chairman of Sunfish Fraser Coast Mr Scott Mitchell announced today that the Branch would be conducting another Junior Angler Education Day at POONA. It will commence at 8.30 am on Sunday 22nd MAY 2011. This day is unique in that it is being sponsored by the Poona Progress Association. This is the first time Sunfish Fraser Coast has run an event like this away from Urangan. Further more it was the initiative of the Poona Progress Assn.

These days have proven very popular in the past & been booked out in advance. Scott also said "I encourage the parents to come along & join in the days activities as well, as you will take away the skills to fish with your children more often."

"These clinics are focused towards children wanting to learn how to fish & aged between 9 and 14 years of age. Your children will be taught the fundamental basics of how to prepare their tackle, rig up, bait up, lures & hopefully catch a fish on the day." These Junior Angler education days are provided free of charge and sponsored by the Qld Government "Life Style Kids Fishing Days" program.

All equipment & qualified fishing instructors will be available on the day as well as food and drinks. Again we encourage parents to join in on the activities and share lunch with your children and members of Fraser Coast Sunfish.

Activities undertaken during the day will include:-

1. Simple knots and rigging
2. Learning to cast
3. Bait Gathering
4. Size and Bag limits
5. Fish identification
6. Looking after the environment
7. And of course catching fish. The program is suitable for both boys and girls aged between 9 & 14 years of age. Numbers are strictly limited to 20 – so contact us now to confirm your position.
